

## About us

We are a boutique recruiting consultancy specialized in the search and selection of qualified employees in the middle, top-tier and executive manager level **with skills acquired in the life sciences, pharma and medical sector.**

We look for professionals for international companies, small-medium enterprises, institutions, start-ups and professional firms.

Based in Italy (with offices in Milan and Pisa), we hire for companies all over Europe.

## Product description

**We conduct search and selection customized and tailor-made for you.**

To begin, we set up a meeting with our client-company to discuss together the characteristics of the professional profile being sought and to understand the type of corporate structure in which the candidate will fit. We then start looking for the perfect match. During the search we focus on direct headhunting and through contacting our professional network built up through years of experience.

Clinical Specialist, Laboratory Manager, QA/QC Manager, Finance Manager, Head of R&D, Project Manager are some of the roles we have already hunted.
