

## Who We Are

Cifarelli is a company fueled by an unwavering dedication to innovation. Since 1967, we have been manufacturing machinery for agriculture and professional gardening, which are currently distributed in approximately 80 countries worldwide. Our Vision is encapsulated in the motto *"There's always something to invent. In products, in services, in life."* We firmly believe that a company can attain remarkable outcomes only when grounded in robust and positive values.

## Our Products

At our factory based in Voghera, we manufacture a diverse array of professional-grade machinery tailored for gardening, agriculture, and urban hygiene. Our product lineup encompasses mist sprayers, blowers, olive shakers, fruit vacuums, leaves vacuums, and brush-cutters. Grounded in our mission, we strive to infuse innovation into agricultural practices, bridging the gap between tradition and modernity with our cutting-edge equipment.
