DISA DIESEL INIEZIONE SPA

Diesel Fuel Injection Systems Manufacturers

Who we are

DISA's primary production is of O.E.M. diesel fuel injection systems and replacement parts specifically suitable for U.S. made fuel injection systems (Detroit Diesel, EMD, Caterpillar and Cummins). DISA, a well equipped company with around 150 employees, boasts the most advanced production machineries, quality control and inspection instruments on its facilities of more than 15,000 sqm.

Thanks to our R&D department, we are in the position to study, test and manufacture a broad variety of products, tailored to each customer's specific needs.

DISA products are directly distributed throughout 50 countries and we are present in many more, through indirect distribution.
