

Who we are

Donelli Alexo, part of the Donelli Group (established in 1911), is dedicated to meeting the most demanding **anticorrosion, fireproofing** and **insulation** needs of energy, petrochemical and chemical facilities as well as for the food industry.

Coating applications are carried out in **two state-of-the-art painting** facilities located in [Cuggiono \(MI\)](#) and [Voghera \(PV\)](#) as well as **onsite in Europe**.

All applications are carried out in strict compliance with clients' specifications by a **UNI EN ISO 9001 and ISO 14001** certified company, with experienced and trained personnel, certified NACE/FROSIO inspectors and the most reliable inspection tools available in the industry.

This ensures **schedule fulfillment** and that projects meet **environmental, qualitative** and **safety standards**.

What we do

Donelli Alexo has developed extensive experience in coating with food grade systems for wine and food industry.

Services include:

- Re-qualification of autoclaves and tanks (i.e. internal lining, inspections and restorations on interior linings, inspections and restorations on external coating);
- On site services for wine and food industry (i.e. industrial flooring, tanks insulation, rehabilitation of surfaces with anti abrasive coating, passive fire protection, HVAC maintenance, technical gas tanks maintenance);
- Other onsite services (i.e. store restyling, office refurbishment, safety signals, specialized furniture);
- Other in shop services (internal lining of tanks with food-grade system, coil protection with bacteria and fungi resistant coating, internal lining of filters).
