

## Borass Srl

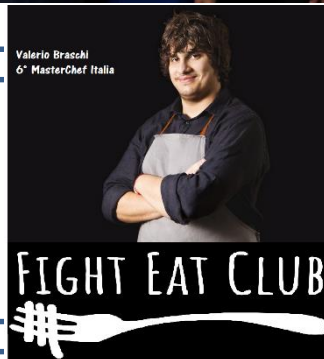

### Who we are

**Fight Eat Club** is a portal that produces and produces Video content for the Web on the concept of Food & Beverage. Thanks to these contents it sells food and wine products on its e-commerce and allows companies, from small to large, to realize advertising inserts on a specific Target: Italian gourmets, who love cooking, cooking and buying online. In this way Italian excellence can be maximized by cutting down advertising costs, producing video content for the web and increasing sales of +300

### Product description

**Videos produced by FightEatClub.** Video recipes with our professional chefs, food bloggers or Testimonials who, during the recipe explanation, will speak and / or show companies' products and services.

**Production of our members on our website.** Our members participating in the contest with prizes and instant win, etc. they will realize video content of Recipes. We connect the challenges of our users to the purchase of products to achieve them, in this way in addition to the visibility of the product used in the challenge, there is also its sale. Who then will look at the challenge and will see how to use the product will be able to buy it freely.
