Three Business Units: Heating, O&G, Ecology

HEATING SYSTEMS

- Gas controlled line burners
- Ratio controlled line burners
- Low oxygen process burners
- Indirect hot air generators

OIL & GAS

- Elevated flares
- Ground flares
- Demountable flares
- Air/steam assistance
- Sonic flares
- Acid gas flares
- Burn pits
- Incinerators
- Process burners
- Fired heater burners

ECOLOGY

- Recuperative thermal oxidizers
- Catalytic thermal oxidizers
- Regenerative thermal oxidizers RIGETHERM®
- VOC complex treatment plants
- Lumpsum turnkey EPC projects
