

## GB Pharma S.r.l.

Born as a **CRO**, grown into a global service provider  
Recognized as a gold standard in the sector

ASSOLOMBARDA  
Filiera Life Sciences

### Who we are

**GB PHARMA** is an established and innovative consulting services organization for pharma, medical devices and nutraceutical companies.

Our CRO was established in 1999. Later in 2006 GB Pharma Srl was set up to provide our Clients Regulatory and Pharmacovigilance services.

Our expertise includes also the status of Orphan Drug Designation Holder and Marketing Authorization Holder.

Thanks to our expertise, today we are able to provide a 360° support, including clinical research services for interventional and observational studies, a full range of regulatory and pharmacovigilance services, Patient Support Program and Marketing Surveys.

### Our Mission

With more than 20 years of experience, our mission is to be the *Partner* of Pharmaceutical and Biomedical Companies who desire to streamline their processes and achieve results to improve the Quality of life of Patients.
