GUSMAR

Who we are

Small company based in north Italy (Monza) founded in 1904, always working as Industrial Valves Manufacturer, supplier of valves ANSI/UNI-DIN, with a strong know-how, based on the growth of Italian steel industry in 70's and the international development of oil & gas from 80's.

Skilled in small production of special valves or in big dimensions valves, is appreciated for quality level and for flexibility front of special requirements; it cooperates only with ITALIAN suppliers and sells with GUSMAR and SELLA brands.
