La tua salute merita il più grande rispetto

Boiron is a pharmaceutical company, world leader in the production of homeopathic medicines, founded in 1932 by pharmacists, twin brothers, Jean and Henri Boiron.

The Group is based in France, near Lyon and has 3 production centers. The products of Boiron portfolio are distributed in over 50 countries and there are 23 branches in the world.

The Italian branch, located in Segrate (MI), was the first opened abroad in 1979.

Homeopathy has always been the company core business. In recent years, alongside homeopathic medicines, Boiron portfolio has been enriched with new products: food supplement, dermo-cosmetic products and medical devices.

Mission

Since its foundation, Boiron is committed to the development of homeopathy, a deeply human therapy. Boiron vision of health is centered on the engagement to treat each patient in a personalized and respectful way.
