Your Goals, our future

ASSOLOMBARDA
Filiera Agroalimentare

Mat-van srl

We are a trader company of feed and food additives based in northern Italy. We are also a manufacturer of food supplements. We are Fami-qs certified, we are always in contact with all world producers. our goal is to provide the best at an affordable price, to grow together and create strong partnerships. We have many warehouse in Italy to supply the best logistic.

Two different business

We are present on the supplements market with our E-commerce. We produce and sell to private Amino-acids and Proteins for athletes.

Our second business is trading of feed and food additive to other companies. We import all over the world and sell the products to Italian market.

We would like to help Italian companies to develop and have strong positions on the market with our products.
