info@miamiristoro.com

We are able to set up made-to-measure solutions with the aim of creating an area for the welcoming and functional break.

We collaborate with the main manufacturers of vending machines, using innovative low-impact machines environmental. Thanks to technology, we are able to guarantee the selection and traceability of all products, optimizing the organization of the warehouse and constantly monitoring the entire fleet of distributors.

With the **Coven Matipay App** we offer innovative payment systems. Miami Ristoro has a social development policy, with the conviction that respect for dynamics social and cultural is indispensable to guarantee a growth of the community.
