

naturalmisting

# Naturale, come l'aria e l'acqua

ASSOLOMBARDA  
Filiera Largo Consumo

Natural Misting is a family business. We provide high-performance systems to mist or humidifying fresh food, outdoor areas, warehouses. Our main clients are the biggest operators in the Large Scale Retail. Our staff is composed of experienced and dedicated professional technicals. Innovation, high-performance components, low energy consumption, professionalism and competence. In a word: Made in Italy.

Misting and humidifying systems for fresh food contribute to the reduction of plastic packaging consumption and food waste.

They optimize product rotation and staff organization, increase sales and build customer loyalty.

Natural Misting ensures quality technical support and maintenance throughout the national territory.
