WHO WE ARE

ALOE empowers Italian hospitality by offering e-bikes directly to hotels in a **worry-free** and **play&play** solution.

While Italy's tourism thrives on rich history and charm, a gap exists: tourists seek **sustainable travel**, but hotels struggle logistically. ALOE provides quality e-bikes, enhanced with AI for suggesting personalized routes for promoting slow tourism.

PRODUCT DESCRIPTION

ALOE offers a **one-stop solution** for hotels, packaging a **6-in-1** electric mobility service: from insurance to maintenance, marketing kits, training, travel routes and an intuitive booking platform.

With ALOE, hotels enrich guest experiences, promote eco-choices, and present a sophisticated zero-emission alternative to traditional transport, combining elegance and sustainability.
