WHO WE ARE

We are **OverNet**, formerly Mondadori Informatica Education, and have been operating in the field of ICT training for more than **30 years.**

As **the leaders in Italy of ICT training**, we have been constantly investing in the selection of the best teachers for be the trusted partner for the training of companies and professionals. More than **600 companies** have entrusted us to train their own employees.

We also organize the major tech conference **WPC®**, the reference training event for over 25 years for all those who work and collaborate in the IT world.

PRODUCT DESCRIPTION

We operate mainly in the Information Technology field and we are a **certified and authorized center** of the most important technology vendors. Our main offer consists of:

- **Courses:** we offer over 2000 catalog and customized courses covering all ICT areas, difficulty levels and duration, responding to every need.

- **Academy:** we create tailor-made Academy for each request. Our academies allow you to acquire all the skills necessary for entering the world of work or for your career advancement.

- **Advisory:** we provide specialist services to help companies meet training, upskilling and reskilling challenges.
