*Together, we make life better*

ASSOLOMBARDA  
Filiera Life Sciences

Philips is a leading health technology company focused on improving people's health and well-being through meaningful innovation. The company enables better outcomes across the health continuum – from healthy living and prevention to diagnosis, treatment, and home care. Philips aims to improve 2.5 billion lives per year by 2030. As a responsible company, we operate sustainably, to high Environmental, Social and Governance (ESG) standards.

Philips is a leader in diagnostic imaging, image-guided therapy, patient monitoring and health informatics, as well as in consumer health.

Philips leverages advanced technology and deep clinical and consumer insights to deliver integrated solutions.

Philips gives clinicians the tools they need to make a precision diagnosis and deliver personalized treatment, all supported by a seamless flow of data.
