

Who we are

Agrati rich history begins in 1939 from a small manufacturing company with only 20 people, a simple structure and a relatively low production volume.

Today Agrati Group is a worldwide corporate leader in fasteners and components solutions with 12 production plants, 10 sales and application offices, 5 logistic centers, over 2.600 employees.

We purchase over 160.000 tons of steel, we develop 850 new products every year, we invest 8% in Innovation and Technology, we produce 8 billion pieces in order to assemble more than 40 million cars all over the world.
