THE COMPLIANCE SCHEME FOR PACKAGING

ARA AG
AUSTRIAS MARKET LEADER

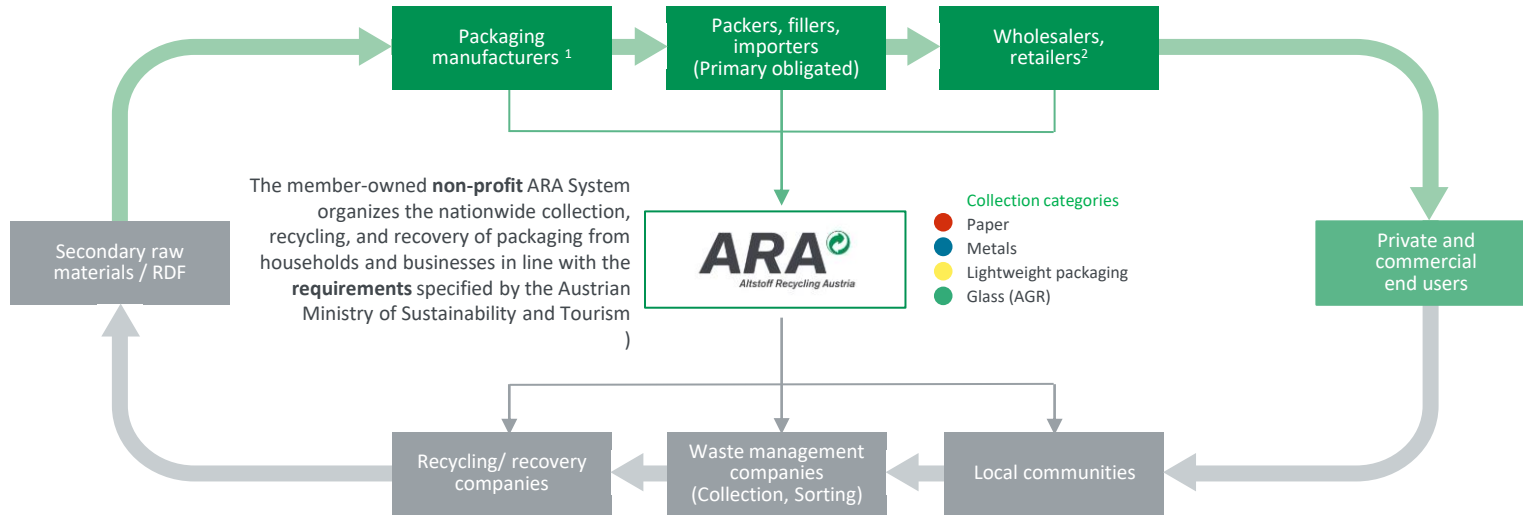

ZUKUNFT. KREISLAUF. WIRTSCHAFT.

PRODUCER RESPONSIBILITY FOR PACKAGING

HOW DOES THE ARA SYSTEM WORK?

Companies obliged under the **Packaging Ordinance** transfer to **ARA AG** their obligation to take back used packaging.

Cities, municipalities, and more than 200 waste management/ recycling companies perform collection, sorting, recovery and communication activities in 94 collection regions.

1) Primary obligated for service packaging

2) Primary obligated für online/mail order selling

WHO IS RESPONSIBLE FOR THE WASTE?

Municipalities and municipality associations:
fee financed

Extended Producer Responsibility:
Collection and Recycling System

100 % cost coverage

WHO IS OBLIGATED?

WASTE MANAGEMENT ACT
PACKAGING ORDINANCE
SINGLE USE PLASTIC PRODUCTS

WHO IS OBLIGATED?

The obligation for packaging is **still** held by the **„primary obligor“** according to **§ 13g AWG**:

- **Packers**, regarding their first use packaging
- **Importers**, regarding packaging of their imported goods and materials
- **Manufacturers and Importers** of service packaging (as well as single use dishes and cutlery)
- **Self-importers**, regarding packaging of goods and materials imported in order to operate one's own businesses
- ■ – **Mail order operators based outside of Austria**, who are selling packaged goods and materials to private customers and consumers in Austria via means of distance selling.
§ 16b VVO iVm § 12b (1) AWG: as of 01.01.2023 obligatory appointment of an **authorised representative**
- ■ – § 12c (1) AWG: as of 01.01.2023: **digital marketplaces** must ensure compliance of all listed sellers

■ ■ = Italian companies exporting from Italy to Austria

HOW TO COMPLY?

1. Contract & Authorised Representative
2. Submit Packaging Report
3. Submit Single-Use-Plastics Report
4. Submit Additional Reports

CONCLUSION OF AN ARA CONTRACT APPOINTING AN AUTHORIZED REPRESENTATIVE

ARA CONTRACT

- Until 22.12.2022 you can apply for a contract at <https://online.ara.at/vertragonline/>
- Contract starts 1.1.2022, unless you indicate it should start 1.1.2023
- After 22.12.2022: get-e-right concludes a contract on your behalf

The screenshot shows the ARA website interface for the online contract application process. The header includes the ARA logo and navigation links for HOME, IMPRINT, DE, and EN. The main content area is titled 'STEP 1 - INFORMATION' and is divided into two columns. The left column contains a vertical list of steps from 1 to 8, with 'Step 1: Information' highlighted. Below the steps is a green box for 'ARA CUSTOMER SERVICE' with the phone number '+43-1-599 97-555' and email 'service(at)ara.at'. The right column features a 'Fast track to ARA membership' section with introductory text and a table of options. The table has two rows: 'ARA contract' with a checked checkbox for 'Sample contract, Terms and Conditions, Tariff rates', and 'incl. ERA agreement' with an unchecked checkbox for 'Sample Contract, Terms and Conditions Online reporting system, Tariff rates'. Below the table is a privacy statement checkbox, which is also unchecked. At the bottom right, there is a green 'CONTINUE >>' button.

Please refer to Article 13h WMA 2013 for the definition of household packaging and commercial packaging.

1. CATEGORISE PACKAGING BY SIZE (HOUSEHOLD, COMMERCIAL)

- **Small packaging (household):**

Size $\leq 1.5 \text{ m}^2$, moulded containers: nominal volume $\leq 5 \text{ l}$, EPS $\leq 0.15 \text{ kg/sales unit}$ as well as sales packaging made of paper (no size requirements)

- **Large packaging (commercial):**

Size $> 1.5 \text{ m}^2$, moulded containers: nominal volume $> 5 \text{ l}$, EPS $> 0.15 \text{ kg/sales unit}$ as well as tray foils made of plastic and transport packaging made of paper (no size requirements)

- **Special rule (commercial):**

disposable pallets, strapping bands and adhesive tapes

2. ALLOCATE PACKAGING TO DEFINED PRODUCT GROUPS

- Each individual product must be allocated to one of 47 product groups (AT 01 ... AT 47) as defined in the Packaging Classification Ordinance based on the GVM study.
- Shipping packaging (including filling material) are allocated to AT 32 “Mail Order Goods”
- Each product group has correction quota which (might) shift a percentage of household packaging to commercial packaging and vice-versa. These quota are applied if you report correctly in the ARA online report.

EXAMPLE

- Determine weight (kg) of
 - cardboard, paper household
 - foil and ribbon (< 1,5m²), plastic household
 - cardboard box (not shown), paper commercial
 - e-commerce: shipping packaging, household
- Allocate product groups
 - AT 09 Bakery goods
 - e-commerce: AT 32 Mail order goods for shipping packaging only
- AT 09: Weight per tariff category (kg) x piece
- AT 32: Weight per tariff category (kg) x piece

TO DO

- Mark all affected articles or packaging according to category (cups, foils, wet wipes...) in your database
- Determine the weight of packaging (cups, foils..) or products (wet wipes, balloons..) in kg
- Multiply the weights per category by the quantities placed on the market each year
- The report for 2022 is due by March 15th, 2023. In your ARA online report, click on the "EWK" box and report the kg (and sometimes the pieces) of the affected categories - no payment.
- The report for 2023 is due by March 15th, 2024. From then on, all EWK/SUP put on the Austrian market must be reported and paid for annually (tariffs have yet to be announced and will be shown in the online reporting platform).

EXTENDED QUANTITY REPORTS

EXTENDED QUANTITY REPORT (EMM)

Report until March 15th of the following year (for the first time for 2022), **no payment**, separately reported for household and commercial packaging:

Completed ARA via online notification (mostly filled in by ARA):

1. Masses of packaging placed on the market for the first time per tariff category
2. Masses of sales packaging put into circulation for the first time per tariff category

Not yet clearly defined by Ministry (this is about reusable packaging purchased in the reporting year), but this only applies to some companies:

3. Volumes of reusable packaging placed on the market for the first time per tariff category
4. Volumes of reusable sales packaging put into circulation for the first time per tariff category
5. Masses of reusable packaging per tariff category based on circulation
6. Masses of reusable sales packaging per tariff category based on circulation
7. Volumes of unlicensed reusable packaging per packaging material (incl. recycler and recycling information)
